

Shipping Frozen Cells to abm

US customers: we advise shipment on **Monday or Tuesday**. This is for delivery within the work week and to prevent the shipment from being held in customs over the weekend.

Customers outside of North America: please only ship on **Fridays**. This is for delivery within the work week and to prevent the shipment from being held in customs over the weekend.

Canadian customers: can ship on **Monday, Tuesday, or Wednesdays**.

DO NOT SHIP UNTIL YOU HAVE AN ORDER NUMBER

- Please place an order first prior to submitting your samples. All samples received must have the order confirmation number indicated. **Any samples received without this piece of information will be disposed off immediately upon receipt to ensure that all customer information is held in strict confidence.**
- Once the shipment has been arranged, please inform our order support team of the tracking number by email, at order@abmgood.com.
- Unless otherwise stated, please provide 2 cryovials of your cells (10^6 cells/ml) for your order.
- We will also require 1L of the specified medium and any applicable growth factors from you for the project (unless the cells can be grown in RPMI or DMEM)
- Additionally, please provide at least 5x coated 6-well plates and 10x T25 flasks if the cells require specially treated culture vessels
- Please also declare the shipment as 'samples' with a customs value of \$10.00. For frozen cells, add sufficient dry ice to the shipment and ensure an international priority service is used. Ideally, transit time should be 3-5 business days.
- Please ensure your samples are shipped as securely as possible, taped down or secured in a rack and padded inside a protective box to avoid damage and/or any cross contamination of your samples.
- Label your samples adequately (we advise using adhesive labels over writing directly on the tubes).

Please ship to:

Attn: Receiving (Order XXXXX)

Applied Biological Materials

1 - 3671 Viking Way

Richmond, BC, Canada

V6V 2J5

General Guidelines for Dry Ice Shipments via FedEx:

1. Complete '**Expanded Service International Air Waybill**' as indicated on page 4-5
2. Print out the Commercial Invoice on page 3 and fill in the Yellowed Areas,
 - a) Shipper – Your Name.
 - b) Date – Date you are sending out the package.
 - c) Shipper's Address & Phone # – Your Address and Phone #.
 - d) AWB# - The tracking number on the '**Expanded Service International Air Waybill**'
 - e) County – Your country.
 - f) Total Gross Weight – Weight of the final sealed package.
 - g) Quantity – Number of Tubes you are sending us.
 - h) Unit Price – Divide \$10 by number of tubes being sent, put resulting amount here.
 - i) Sign and Date the form at the bottom.
 - j) Photo copy and include 3 copies in the waybill pouch.
3. Print out the Dry Ice Label on page 6, fill it in, cut along the outer black box and affix to the side of the shipment's box, using only CLEAR TAPE. Labels affixed with any other kind of tape will be rejected by FedEx.
4. Arrange pick up of your package by FedEx.

For US customers, we advise shipment on Monday, International customers on Friday and Canadian customers on Monday to Wednesday. This is for delivery within the work week and to prevent the shipment from being held in customs over the weekend. Once the shipment has been arranged, please inform our order support team of the tracking number by email, at order@abmgood.com.
